

Epson Stylus SX535WD

For home users who want to print both lab-quality photos and double-sided documents, the Epson Stylus SX535WD is able to accommodate a variety of printing needs. Users can easily print, scan and copy from anywhere in the home, thanks to its Wi-Fi connectivity and PC-free printing, while its neat, tidy footprint complements any modern home.

The SX535WD's fast print speeds and double-sided document printing makes this a flexible printer for any household. DURABrite Ultra Ink is so versatile it is able to print lab-quality photos and also produce crisp, clean text documents. Users get value for money with a choice of cartridge sizes and, with individual inks, only need to replace the colour used.

The automatic Wi-Fi set-up² makes configuring laptops and computers to print wirelessly extremely easy. Users don't need to know their network settings or connect with a USB cable, the SX535WD automatically finds the connection settings in order to configure itself. Multiple users then have the freedom to print, scan and copy quickly and efficiently from anywhere in the home.

The SX535WD also comes with Epson Connect, which offers even more flexibility and freedom, allowing users to quickly and easily print photos and documents wirelessly from smartphones and tablet PCs³.

This all-in-one's 6.3cm colour LCD screen and accompanying memory card slot offer easy-to-use PC-free photo printing with helpful menu prompts. No more waiting for computers to power up; printing directly from a memory card allows greater flexibility and is straightforward.

The SX535WD's front-loading paper tray neatly stores paper away from view, offering easy access and discreet paper storage.

DATASHEET

KEY FEATURES

- Double sided document printing
- Print, scan and copy from anywhere in the home with Wi-Fi connectivity
- DURABrite Ultra ink delivers fast-drying lab-quality photos and crisp, clean text documents
- Print photos and documents quickly and easily from smartphones and tablet PCs with Epson Connect³

FOR THE BEST RESULTS ALWAYS USE GENUINE EPSON INK.

Epson DURABrite Ultra Ink is perfect for all your home printing because it gives you enduring Epson quality on a wide range of media.

- Outstanding text documents and lab-quality photos
- Instant-drying prints are water, smudge, highlighter and fade resistant
- Resin-coated pigment technology works perfectly on a range of papers
- Lab-quality glossy photos last over 200 years in a photo album¹
